

The procedure for Awards nominations is restricted to electronic submissions. The nominator is responsible for uploading the entire nomination package.

The requirements for award nomination packages are: a possible citation under 25 words; completion of nomination letter limited to three pages; a two-page cv; a three-page bibliography; three letters of support (each up to 3 pages long). These letters should supplement the information in the sponsor's original nomination of this individual.

On our website, ametsoc.org, click "choose a page." From the drop down menu, scroll to awards and nominations. Click on submit nomination for award or fellow on line. On the nominations page, you must enter your email address and password, then click submit. At this point, click on the award title for which you will be nominating someone and click submit. At this screen you need to fill in your title and affiliation and click submit. On the following screen, fill in the nominee's first and last name, last name only, affiliation, (birth date for specific awards), and member number if known. The next screen allows you to edit along with selecting the items from the "check list" box on the left.

Select citation and fill in a possible citation for the individual (under 25 words). Click on supporting files and upload the following: a nomination letter (up to 3 pages); no more than a 2-page cv and 3-page bibliography; and three letters of support no more than 3 pages long.

The complete list of Award winners can be found on http://www.ametsoc.org/getpastawards/get_search.cfm and http://www.ametsoc.org/awards/2000_2006_recipients.pdf.

The full list of Awards descriptions can be found on <http://www.ametsoc.org/awards/awarddescriptions.html>.

Awards and nomination information can be found on <http://www.ametsoc.org/awards/index.html>.

Committee members will not be involved in the nomination process.
