

The procedure for Fellows nominations is restricted to electronic submissions. The nominator is responsible for uploading the entire nomination package. On the nominations page, <http://www.ametsoc.org/awards/index.cfm>, you must enter your email address and password, then click submit. From menu box, select nomination for Fellow members. The requirements for nomination packages are: completion of nomination and nomination letter limited to one page; along with three one-page letters of endorsement. **One supporting letter is required from an individual outside the nominee's home institution. (DO NOT LIST PUBLICATIONS OR INCLUDE CV.)** These letters should supplement the information in the sponsor's original nomination of this individual.

The complete list of Fellows can be found on http://www.ametsoc.org/memdir/fellowlist/get_listoffellows.cfm. Committee members will not be involved in the nomination process.
