

Naval Weather Service Association

The **Naval Weather Service Association** (NWSA) is an association of Naval Officers, Enlisted Men and Women and Civilians who have provided Meteorological, Oceanographic and Numerical Predictions services to the United State Navy as well as all other Military Services. The membership consists predominately of current and former meteorological specialists (Aerographers Mates), Meteorologists & Oceanographers, Computer Scientists and Academics. The NWSA was formed in August, 1976 in order to preserve friendships beyond active service and sustain an ongoing relationship with active duty members of the Naval Meteorological and Oceanography Command.

In 1978 the Association established a scholarship fund to support those seeking degrees in Meteorology, Oceanography and Atmospheric Sciences and has provided annual awards for more than 30 years.

In 2011 the Membership approved the transfer of management responsibilities of the "Naval Weather Service Association Scholarship" to the AMS. The AMS will safeguard and manage the funds gifted by the NWSA for the specific purpose of sustaining two annual awards based on selections of the AMS Scholarship committee. The fund provided by the generous contributions of the NWSA membership will allow the "Naval Weather Service Association Scholarship" to be awarded for at least the next 10-15 years. For more information about the NWSA please visit the Associations website.
